

5 Queen's Terrace

Aberdeen

Letting
(4,548 sq.ft)

- 5 Queen's Terrace is a traditional mid terraced four storey townhouse with car parking to the rear
- The property was fully refurbished following a successful dilapidations claim by FG Burnett's Building Consultancy Team
- We were instructed by the landlord to market the property on a 'To Let' basis
- After a full marketing campaign, we introduced a tenant for the whole property
- Advised the client throughout the transaction, provided advice on the lease terms and liaised with our client's solicitors through to completion of the transaction
- FG Burnett will retain a Property Management role going forward with the new tenant
